

May 15, 2022

To SABF Members and Attendees:

It was another busy year for the St Albert Bereavement Fellowship Board to provide the much-needed grief support to the community. We were able to hold in-person meetings throughout the year except for the March speaker meeting. June is the scheduled time for the AGM.

Notice: St Albert Bereavement Fellowship Annual General Meeting to be held on **June 14, 2022, 7PM** at Red Willow Place, 7 Tache Street, St Albert. All nomination papers are to be in the possession of the Committee PRIOR to June 7, 2022.

We are in urgent need of **new volunteers** to share their talents with SABF. Please consider a volunteer position or share this notice with someone who may be looking for a volunteer position. Here a few general duties we need assistance with setting up meetings, picking up refreshments, welcoming attendees at the door, preparing mail, helping with the library, and performing general office duties.

For more information, please contact Faye at 780-851-6562, or Karen at (780-819-3306) or Judy at (780-460-7271).

Prior to the AGM, Bob Kerr, from the Sturgeon Community Hospital, will present on the topic that was cancelled at the March speaker meeting. Following the AGM, refreshments will be served by the Board. This is an opportunity for members and attendees to gather for fellowship. We are looking forward to visiting with everyone!

The Fraternal Order of Eagles Dinner and Century Casino Breakfast dates are scheduled and information on these events are available at the Speaker and Links meetings. Thank you, Resa Hartleib for organizing these gatherings.

If you have not paid your membership, please do so prior to the AGM meeting. Membership allows you to vote the new Board in, to vote any motions put forth at the AGM, attend dinners and to use the SABF library.

Reminder: Please check the SABF website for meetings or register for notifications as events can change at <https://stalbertbereavement.ca/home.php>.

Thank you,

St. Albert Bereavement Board

****Presently, Red Willow Place restrictions require that everyone wear masks indoors and be vaccinated. Check the website for updates*
